Term 3

Show Holiday
A reminder that the Show Holiday for Redlands will occur on Monday 8th August.

How close to 100% attendance can you make it in Term 3?

You should have received your child’s Semester 1 Attendance Report. This report indicates the percentage of Semester 1 that your child attended school. Obviously the closer to 100% that your child can be at school, the better for their learning.

Concerns & Issues
Communication is key to good partnerships. The partnership between the parent and the teacher is paramount for the greatest success of every child. The most efficient way to produce an effective partnership is to maintain regular and proactive communication, in both positive and negative circumstances. Communication is best done when there are concerns before they turn into issues. A quick email to your child’s teacher outlining your concern will usually result in a positive result before the involvement of high emotions. Emotive communication, usually has very little benefit for anyone involved. It is paramount that your child is aware of your communication with the teacher as it will strengthen their understanding of the importance of Respect, Responsibility and Accountability.

Value of the Week
Show Integrity
We show integrity when our actions match our words, when we make choices in line with school rules, when we wear our school uniform with pride and when we behave in a way that makes us proud to be who we are. When we show integrity we gain respect for self and feel good about ourselves.

Ready! Set! Prep!
We have begun some conversations at BayView about our transition to Prep program for students beginning in 2017. This year we will be introducing Ready! Set! Prep! Children will be invited into the school for four short sessions (45min) to become familiar with the Prep classrooms and staff. While children are having fun in Prep, parents will be invited to join us for tea and coffee with some parent information sessions on focused topics. We will have information about literacy and numeracy development as well as discussions led by our Guidance Officer and Speech Pathologist. Please look out for more information about Ready! Set! Prep! in the very near future.

Parent Engagement in Children’s Learning
What can I do to help my child do well at school?

- Ensure your child knows that you believe in their potential and abilities.
- Talk to your child often about the dreams and plans they have for their future.

Help your child to enjoy learning

- Demonstrate a positive attitude and good work habits to your child.
- Help your child to learn how to deal with distractions and to re-engage with their work.

Talk with your child everyday about their day

- Talk with your child about what’s happening at school – activities, programmes, what they are learning and even what happens in the playground.
- Have dinner at the table with the TV off and talk about what happened in everyone’s day.

Read with your child

- Read and talk about books and stories with your child.
- Ask your child about their favourite character in a book or what they think might happen next in the story.

Get involved with your child’s school and local community groups

- Talk with your child’s teacher about their schoolwork and learning goals.

- Ask for help if you need it. There are many community groups and services to assist parents.

Prep Healthy Mouth Day
On Wednesday 31st August, our Prep classes will be having a visit from Metro South Oral Health Services for the students to participate in Healthy Mouth Day. Healthy Mouth Day will be held in classrooms with teachers present. Parents are encouraged to attend.

During Healthy Mouth Day, students will have a group lesson on dental health followed by a quick one-on-one check of their mouth. Children may also have fluoride varnish painted onto any vulnerable or decayed teeth. The fluoride varnish we use is a protective coating which is painted on the teeth to stop cavities forming and to slow down cavities which may have already started. It is recommended for children of all ages that are at risk for decay (even infants). It is a sticky, paint-on gel containing 5% sodium fluoride that strengthens teeth. It is quick and easy to paint on and tastes great (a bit like banana or bubble gum). It works best if it is not disturbed for a while. So it is best if your child only eats soft food for the rest of the day. Teeth should not be brushed that night, but brushing should start again the next morning.

Fluoride varnish is safe for children of all ages - more info can be found at:

**My Family**

BY JESSICA

My family are all different.
But I love them all the same.
Well maybe not my little brother.
He’s crazy and insane.

Marionette Mommy makes me happy.
She’s funny and real sweet.
Her favourite colours' yellow.
And her favourite numbers’ three.

Mommy’s favourite food is bacon.
Her real name is Chantel.
I really love her so much.
I’m sure that you could tell.

**Mitchell**

MITCHELL is very nice.
He helps in shared music.
He can run for miles.
And he always smiles.

He likes to play.
All night and all day.
He plays sports.
And he’s not on report.

When he kicks it goes ‘KABOOM!’
When he kicks it goes ‘ZOOM!’
Mitchell majestically eats meat,
And he loves to eat, eat, eat.

BY MITCHELL

**My Family**

BY BLAKE

I have a brother who is very tall,
We like to run in the shining sun.
I have a mum she’s the best,
We hide and run until we rest.

I have a dad he likes to nap,
He gets sad when the sun goes down.
I have a dog he likes hiding,
He’s very old he’s never fighting.

I have a guinea pig who likes to rest.
She is always very sweet.

BY SIENNA

**Space**

Space is where the sun is found.
An exploding star makes a terrible sound.
Earth is where all you find creatures.
And you may also find big beaches.

Up in the space,
In that very empty place.
There is a cat station.
And it’s in station.

On earth there’s a crater
That isn’t any greater.
Than a random dust on the moon,
But you can ride a space
Some people say they rode a spade to the moon.

BY BLAKE

**My Family**

I have a mum she is so sweet.
She always gives me lots of treats.
I have a dog he is so cute.
But I have to pick up all his poops.
I have a dad he is the best,
He is better than the rest.

Stella Science - Year 6

On Monday some of our year 6 students had a fantastic science day visit to Cleveland District State High. They got to experiment not only with life in high school but also with Chemistry, Forensics, Robotics and got up close with some native Australian animals. This was an excellent opportunity to learn more about the different areas of science that can be studied in the STEM (Science, Technology, Engineering and Maths) fields that are becoming more and more important in our constant technologically evolving world. Students from all four Bayview year 6 classes joined with grade 6 students from Cleveland State School, Ormiston State School, Thornlands State School and Mt Cotton State School to participate in the day long science program. Lots of fun was had and everyone learnt a great deal. Definitely something for students in the younger years to look forward to when they are in year 6.

Priority One - For Kids Transitioning into High School

Priority One is an exciting youth group exclusively for those in their last year of primary school. It is a unique group because it runs for only one year, with a new group of students starting each year. This gives students a chance to build a group of friends with whom they share the journey of finishing Primary School and settling into High School.

The 2016/2017 group for P1 is running 6pm->7:30pm every Friday evening (during school terms) at Cleveland Uniting Church, at a cost of $4 per child per session. (Price includes dinner)

If you think your child would benefit, contact Stephen Rothery on 0411 714 201
