**Principal’s Message**

Value of the Week – Be Respectful

We show respect by speaking and acting with courtesy. We treat others with dignity and honour the rules of our family, school and nation. Respect yourself, and others will respect you.

**BAYVIEW VALUES are for EVERYONE**

The nine BayView Values are in place to mould the culture and behaviour in our school. Everyone in our school community should be supporting these values and encourage our students to show them in all that they do: at school, at home and in the community.

Our Responsible Behaviour Plan for Students is based on receiving positive and negative consequences for demonstrating appropriate and inappropriate behaviours.

At this time of the year with a change in routine due to swimming, some students have difficulty showing all the values. The consequences are normally time in the Reflection Room to consider their options. If as a Caregiver you have concerns over the incident and consequences, please make contact with the Teacher in the first instance to ensure that you have received the full information regarding what has happened.

Following your contact with the Teacher, you are welcome to then discuss the situation with a member of the Administration Team. Our entire Administration Team are very qualified and experienced to deal with all discussions. It may not be possible to always speak to a specific person at the time.

As term 4 progresses, I ask all parents/caregivers to continue to role model the Values to our students and to ensure that as adults our behaviour is always in line with our Values, especially when you are in attendance at BayView State School.
**Staff Car Park**

The carpark on school property nearest the Grounds care area has always been designated as a Staff car parking space only. Over time there have been some ongoing concerns around student safety, access by staff to their designated parking space as well as some damage to staff cars.

Recently a boom gate was installed at the entrance to this carpark. The company providing the gate has now refined the lag time between cars. **PLEASE NOTE this time has been significantly reduced.**

Please do not tailgate staff cars to gain access to this space. You run the risk of damage to your own vehicle as well as **being liable for any damage to the boom gate.**

Please use the designated Parent parking spaces for the safety of your children and property.

Community Notices

Dear school staff and community,

Redland City has launched a community conversation about the City’s transport issues and needs, and invites the school community to be involved by advising you of a series of free transport forums run by Redland City Council and the Queensland Government Department of Transport and Main Roads.

Transport effects everyone and is a major issue for most parents and schools. This community conversation includes a series of forums and lectures by leading experts in the fields of transport, planning and infrastructure. You may have seen information on these forums in yesterday’s (Wednesday 21 October) Redland City Bulletin.

This is timely as Redlands’ Draft City Plan 2015 is with residents for their input and both the State Government and the Federal Government have recently brought the need for transport infrastructure planning to the fore.

As part of the State Government’s review, it has encouraged local government to engage with communities and Redland City the first to do so through a month-long conversation which will inform a Redland City Transport Plan and priority infrastructure plan.

The forums will feature experts such as CSIRO Principal Scientist Dr Stefan Hajkowicz; Program Head of Planning at the University of Queensland, Dr Neil Snipe; Senior Research Fellow and Australian Research Council-Discovery Future Fellow Dr Matthew Burke of the Urban Research Program at Griffith University; and Department of Infrastructure,
Local Government and Planning Executive Director Darren Crombie.

The forums - which will broadly cover current issues, future needs and how they can be funded – are:

**November 7:** Navigating the Future”, Victoria Point Library, 1pm-3pm.

**November 14:** “Getting into Gear”, Capalaba Sports Club, 2pm-4pm.

We hope the staff and school community can join us and be part of this conversation.

Further information on the forums is also available on Council’s website at [www.redland.qld.gov.au](http://www.redland.qld.gov.au).
