Principal’s Message

Value of the Week – Be Responsible

Being responsible means that others can trust you to do things with excellence. You accept accountability for your actions. When you make a mistake, you offer amends instead of excuses. Responsibility is the ability to respond ably and to make smart choices.

School to Parent contact

Class Teachers and Administration staff make a significant effort to keep every family informed of what is happening in our school and with your specific child.

Bearing in mind that there are 680 students in our school and in each class there is an average of 26 students, it is not always possible or practical in a working day to make contact with every parent/caregiver every time there is an issue. In the majority of situations a staff member will be in contact with you via phone or email, however for situations that generally occur in the playground or classroom, you may see a Reflection Sheet from your child.

This is part of learning RESPONSIBILITY and ACCOUNTABILITY. When you receive a Reflection Sheet at home, your child has already spoken with the Teacher involved, the supervising Reflection Teacher and an Administration Member. I ask that you then have a conversation with your child about the situation and how they may improve, fix or ensure the issue does not arise again. If you would like further information regarding the situation please contact the teacher to discuss. If you then require further conversation, please contact Corporate Services to make an appointment to speak with one of the Leadership Team. All members of our team are able to speak with you. It will not always be possible to gain an appointment to meet with the Principal.

CONSEQUENCES – When your child comes to school, they do not receive a secondary consequence at school for a mistake that they have made at home. Similarly I ask that you consider if there really is a need to deliver a secondary consequence at home for a mistake at school, that has received a consequence. In the majority of situations a conversation relating to the issue, how your child dealt with it, the mistake they have made and how they would deal with it if faced with the same situation in the future, is what is needed.

Your support of our Responsible Behaviour Plan processes is vital to the excellent management of BayView State School.
2015 Calendar updates

Please stay informed of any changes to activity dates during the end of term 4. Due to the inclusion of the Cleveland District State High School Cluster Creative Arts Day our Term 4 Awards Parade has been moved.

Please check the calendar regularly for updates.

Cleveland District State High School

Student Support Services are looking for teacher aides for casual relief. The ideal candidates will have experience in a school setting or with disability support; have a caring and enthusiastic nature and a general passion for working with special needs students within a mainstream environment. You will need to be open minded and flexible to changes in daily programming and adaptable to cater for a diverse range of student needs and disabilities.

We would prefer a person who holds relevant qualifications of a Cert IV in Educational Support or similar, or is undertaking the course, but not mandatory. If you think you this is you, please forward your resume to Tanya Knorre (Head of Special Education Services), tknor2@eq.edu.au or drop it in to the office at Cleveland District State High School, addressed to the HOSES.

Staff Car Park

The carpark on school property nearest the Grounds care area has always been designated as a Staff car parking space only. Over time there have been some ongoing concerns around student safety, access by staff to their designated parking space as well as some damage to staff cars.

Recently a boom gate was installed at the entrance to this carpark. The company providing the gate has now refined the lag time between cars. **PLEASE NOTE this time has been significantly reduced.**

Please do not tailgate staff cars to gain access to this space. You run the risk of damage to your own vehicle as well as **being liable for any damage to the boom gate.**

Please use the designated Parent parking spaces for the safety of your children and property.

2016 Class Allocation

Class allocations will come home with your child’s Report Card on Wednesday 09 December.

Anyone who has not collected their Report Card by Thursday 10 December will have it mailed home on Friday 11 December.

Building Strong Family Relationships

Good family relationships help your child feel secure and loved. This is what children need to learn and grow. Building strong family relationships can help your child succeed at school socially, emotionally as well as academically.

Being a parent can be one of the most difficult (and rewarding!) jobs around. It’s not something that you can be perfect at. Most parents are doing the best they can for their kids while juggling work, friends, managing a house, and lots more. But it’s worth trying to improve the relationships you share with your child and other family members. Good family relationships are more than just enjoyable for their own sake. They: make children feel secure and loved, which helps their brains develop can help to overcome difficulties with children’s eating, sleeping, learning and behaviour. Even for the busiest of parents, there are plenty of easy things you can do to develop good family relationships.

Spend quality time together

- Use time together, such as mealtimes, to talk and share a laugh.
• Have one-on-one chats with each family member to build and strengthen individual relationships.
• Do fun things together as a family on a regular basis.
• Make decisions together about what to do for special events.

Communicate in positive ways
• Talk about everything (even difficult things).
• Listen with full attention to each other.
• Make it OK to talk about feelings (even the bad ones).
• Encourage each other with praise rather than being critical.
• Work together to solve problems.
• Discipline with love, patience and understanding.
• Show appreciation, love and encouragement through words and affection.

Work together as a team
• Create family rules that apply to everyone.
• Include older children in decisions about things like family rules and family holidays.
• Share household chores.
• Think about everyone’s needs when planning family activities.
• Let children make some of their own decisions (as long as they’re still within the boundaries you’ve set and within their developmental levels).

Appreciate each other
• Take an interest in each other’s lives.
• Include everyone in a conversation when talking about the day’s events.
• Support each other in important events such as sports days and school concerts.

Discovery Centre News

All books are now due back

Student borrowing from the Discovery Centre has now finished for 2015. A complete stocktake of the books in the Discovery Centre will begin in week 7. It is very important for books to be returned in week 6 so they can be shelved ready for the stocktake.

I will be issuing teachers with a list of students who currently still have books next week (week 6) and overdue notices will be issued in week 7.

If your child receives a notice and you believe the book has been returned please ask your child to come and see me in the Discovery Centre. We can then check whether the book(s) are back on the shelf.

Thank you for your on-going support and help to keep our wonderful resources in the Discovery Centre and available for all students.
